# EXPORT CREDIT REFINANCING

Export-Import Bank of Malaysia Berhad (EXIM Bank)  
<http://www.exim.com.my>

## 1. Pre-shipment ECR

### Objective

Order-Based & Certificate of Performance (CP): The pre-shipment Export Credit Refinancing (ECR) facilitates the production of eligible goods for export prior to shipment and to encourage the backward linkages between the exporters and local suppliers in industrial development.

### Eligibility

Order-Based & Certificate of Performance (CP): Malaysian manufacturing company and / or trading company indulge in exports.

### Margin of Financing

- Order-Based: Up to 95% of the value of the export order
- Certificate of Performance (CP): 95% of ECR Documentary Letter of Credit (DLC), ECR Documentary Purchase Order (DPO) or Local Purchase Order (LPO)
- Direct Exporter: 100% of export value of proceeding 12 months
- Indirect Exporter: 80% of local sales (Subject to ECR credit limit with the commercial bank and EXIM Bank's administrative limits)

### Tenure

- Order-Based: Up to a maximum of 120 days
- Certificate of Performance (CP): 120 days cycle

### Interest Rate

Order-Based & Certificate of Performance (CP): Rate to be determined by EXIM Bank from time to time

## **2. Post-shipment ECR**

### **Objective**

The post-shipment ECR bridges the funding requirement of exporter from shipment to receipt of payment of the export.

### **Eligibility**

Malaysian manufacturing company and / or trading company indulge in exports.

### **Margin of Financing**

Up to a maximum 100% of export value

### **Tenure**

Up to a maximum of 183 days

### **Interest Rate**

Rate to be determined by EXIM Bank from time to time

## **EXPORT CREDIT REFINANCING-i**

Export-Import Bank of Malaysia Berhad (EXIM Bank)

<http://www.exim.com.my>

### **Objectives**

Export Credit Refinancing-i (ECR-i) provides an alternative short-term pre- and post-shipment financing to direct / indirect exporters to promote exports of manufactured products, agriculture products and primary commodities that are 'Halal', via the provision of Shariah compliant financing facilities.

- The pre-shipment ECR-i facility facilitates the production of eligible goods for export prior to shipment and to encourage the backward linkages between the exporters and local suppliers in industrial development.
- The post-shipment ECR-i facility bridges the funding requirement of exporter from shipment to receipt of payment of the export bill.

### **Shariah Contracts**

- Pre-shipment ECR-i: The applicable concept for financing of the purchase of raw materials and other incidental costs between the Malaysian exporter and ECR-i Banks, shall be 'Murabahah' (cost plus profit) followed by the 'Tawarruq' between EXIM Bank and ECR-i Banks for refinancing of bills.
- Post-shipment ECR-i: These transactions are made between the exporter, ECR-i Banks and EXIM Bank and the applicable concept shall be 'Tawarruq'. Under this arrangement, the exporter, appoints the ECR-i Bank as collecting agent to collect payment from the importer's Bank.

### **Eligibility**

Companies that are incorporated in Malaysia which are directly or indirectly involved in exports and international trade activities shall be eligible for the ECR-i facilities but subject to the following conditions:

- The inputs and the end products to be exported must be "Halal".
- Products which are not listed under the First Schedule of Custom Duties Order (list of goods of which is prohibited to be exported).

## Margin of Financing

- Pre-Shipment:
  - Direct Exporter: Up to 95% on value of export order
  - Indirect Exporter: 95% of ECR-i Documentary Letter of Credit (DLC), ECR-i Documentary Purchase Order (DPO) or Local Purchase Order (LPO)
  - Certificate of Performance: Direct Exporter
  - Manufacturing: Up to 80% of export value of preceding 12 months
  - Trading: Up to 90% of export value of preceding 12 months
- Post-Shipment
  - Margin of financing is up to a maximum of 100% of the export bill value. Subject to availability of ECR credit limit with the commercial bank and EXIM Bank's administrative limit.

## Tenure

- Pre-Shipment: Up to a maximum of 120 days
- Post-Shipment: Total is up to maximum 183 days

## Profit Rate

Determined by EXIM Bank from time to time.

## **IDB CO-FINANCING**

Export-Import Bank of Malaysia Berhad (EXIM Bank)

<http://www.exim.com.my>

### **Objective**

This is an arrangement between EXIM Bank of Malaysia and International Islamic Trade Finance Corporation (a member of Islamic Development Bank) of Jeddah, Saudi Arabia to ensure 'secured payment transactions', benefiting exporters of goods from Malaysia to IDB countries. The Malaysian exporter who exports Malaysian products to IDB member countries through Letter of Credit (LC) will get immediate payment from EXIM Bank. EXIM Bank takes the risk of the LC issuing bank.

### **Shariah Contracts**

The Shariah contract applicable to IDB CO-Financing is Murabahah.

### **Eligibility**

Importers / buyers from IDB Member Countries with minimum 3 years in business and the Malaysian exporters that export Malaysian products. Available in 2 schemes namely Scheme 1 for foreign importers of Malaysian goods, and Scheme 2 for Malaysian exporters.

### **Quantum of Financing (Minimum)**

- Scheme 1: USD200,000
- Scheme 2: USD100,000

### **Tenure**

Up to maximum 180 days

### **Profit Rate**

At London Interbank Offered Rate (LIBOR) + spread

## **IMPORT FINANCING-i**

Export-Import Bank of Malaysia Berhad (EXIM Bank)

<http://www.exim.com.my>

### **Objective**

The purpose of Import Financing-i is to finance imports of “strategic goods” consisting of Halal capital goods, raw materials and related goods for the development, upgrading expansion of infrastructure facilities or other expenses related to client’s business activities which will ultimately reduce dependency on imports and also for government initiatives projects.

### **Shariah Contracts**

The Shariah contracts applicable to Import Financing-i are:

- Ijarah
- Murabahah
- Tawarruq

### **Eligibility**

- Malaysian-owned or controlled company incorporated in Malaysia.
- A joint venture between a Malaysia and foreign company with Malaysian owning not less than 51% of the shareholding.

### **Margin of Financing**

Margin of financing is up to 90% of import order value

### **Tenure**

Tenure is subject to yearly review. The facility may be revolving or term of up to 10 years

### **Profit Rate**

At cost of fund-i plus spread. The spread shall be based on risk rating of the company and other non-qualitative considerations.

### **Security**

Against but not limited to the following:

- Corporate Guarantee
- Shareholders and / or Director Guarantee
- Landed Property
- Charge of fixed floating assets of customer
- Assignment of Takaful / Insurance policies and contract proceeds

## **SUPPLIER CREDIT**

Export-Import Bank of Malaysia Berhad (EXIM Bank)

<http://www.exim.com.my>

### **Objective**

To promote the export of Malaysian goods through financial assistance for production of goods and discounting of export bill.

### **Scope**

The financing shall cover purchase of raw materials, components, production overhead and finished goods during the pre-shipment period. This short-term facility is also available to finance exporters' working capital requirement during the post-shipment period pending receipt of export proceeds.

### **Benefit to Customer**

- Enables exporters to expand their international business
- Enables exporters to be competitive with flexible credit period

### **Type of Financing**

- Pre-shipment: Working capital for overhead expenses and purchase of domestic / foreign inputs for production of goods prior to shipment.
- Post-shipment: Working capital financing after shipment.

### **Margin of Financing**

- Pre-shipment: Up to 85% of export order value
- Post-shipment: Up to 100% of export bill

### **Tenure**

- Pre-shipment: Up to 120 days (a longer tenure may be allowed depending on the merit of the case)
- Post-shipment: Up to 180 days (a longer tenure may be allowed depending on the merit of the case)

### **Interest Rate**

Cost of fund plus spread

## Security

Any but not limited to the following:

- Cash Collateral
- Corporate Guarantee
- Shareholders and / or Directors Guarantee
- Landed property
- Charge on fixed and / or floating assets of customers
- Assignment of Takaful / insurance policies, agreements, contract proceeds, rights and benefits.

## **SUPPLIER FINANCING-I**

Export-Import Bank of Malaysia Berhad (EXIM Bank)  
<http://www.exim.com.my>

### **Objective**

4% per annum (monthly basis)

## **CRADLE INVESTMENT PROGRAM**

Cradle Fund Sdn Bhd  
<http://www.cradle.com.my>

### **Objective**

- To create an ecosystem that supports a strong and innovative business-building environment for technology entrepreneurs.
- To achieve commercialisation efficiency and sustainable entrepreneurship for budding technology entrepreneurs per our credo of 'Catalysing Sustainable Technopreneurs'.
- To represent the Government's effort in boosting the quantity and quality of innovations and technology start-ups.

### **Eligibility**

Malaysians aged 18 above

### **Quantum of Financing**

Up to RM500,000

## **BUSINESS GROWTH FUND**

Malaysian Technology Development Corporation (MTDC)

<http://www.mtdc.com.my>

### **Objectives**

- Accelerate the development of local high technology companies by providing business funding to qualified grant recipients companies.
- Provide the “last mile” funding in the R&D&C value chain.
- Ensure that qualified grant recipients are adequately capitalised during their crucial formative years to build a business track record.
- Build enough “commercial” value in the company to make companies attractive for follow-on financing by venture capital (VC) and other financing institutions.
- Demonstrate that grant recipients which receive strong market validation for their products / services are further supported to become full-fledged commercial enterprises.

### **Type of Financing**

The fund provides hybrid of grant and equity funding which acts as a transition and a bridge from grant to VC financing. The financial assistant is a mix of two components – a grant portion and an equity portion that is similarly structured but more flexible than a VC financing.

# COMMERCIALISATION OF RESEARCH & DEVELOPMENT FUND

Malaysian Technology Development Corporation (MTDC)  
<http://www.mtdc.com.my>

## 1. CRDF 1

### Objective

CRDF 1 is a funding for the commercialisation of R&D output from public and private University (PPU) / Government Research Institute (GRI) by a Spin-Off (“Syarikat Terbitan Universiti, STU”) or a Start-Up company. CRDF 1 is designed to provide funding to enable spin-offs and start-ups to prove their technology’s readiness to be commercialised and to explore the market acceptance before receiving additional funding.

### Eligibility

- Company incorporated under the Companies Act 1965.
- The company must be at least 51% Malaysian-owned.
- The proposed technology to be commercialised must be from one of the Priority Technology Clusters identified by MOSTI.
- The R&D must have been completed successfully and a commercial-ready prototype is available.

### Target Group

- Spin-off companies from PPU / GRI  
A spin off company:
  - A company with local Public and Private University / Government Research Institution ownership
  - Required to operate their business from any recognised Technology Centre locally
- Start-up companies  
A start up:
  - A newly set up SME established specifically as the vehicle for the commercialisation activities of the specific project
  - Recommended to operate their business from any recognised Technology Centre.

Both types of companies are required to focus their commercialisation activities on business development while producing their product via out-sourcing mode.

## **Quantum / Margin of Financing**

CRDF 1 provides funding in the form of partial grants with a maximum of RM500,000 or 70% of the eligible expenses (whichever is lower)

## **Project duration**

Not more than 12 months

## **2. CRDF 2**

### **Objective**

CRDF 2 is a funding for the commercialisation of any local R&D by SME

### **Eligibility**

- Company incorporated under the Companies Act 1965.
- The company must be at least 51% Malaysian-owned.
- The company is an SME as defined by the National SME Development Council.
- The proposed technology to be commercialised must be from one of the Priority Technology Clusters identified by MOSTI.
- The R&D must have been completed successfully and a commercial-ready prototype is available.

## **Quantum / Margin of Financing**

CRDF 2 provides funding in the form of partial grants with a maximum of RM4 million or 70% of the eligible expenses (whichever is lower)

## **Project duration**

4 years (2 years implementation and 2 years payback period)

## **3. CRDF 3**

### **Objective**

CRDF 3 is a grant for the commercialisation of any local R&D by a 'non-SME'

### **Eligibility**

- Company incorporated under the Companies Act 1965.
- The company must be at least 51% Malaysian-owned.

- The company is an SME as defined by the National SME Development Council.
- The proposed technology to be commercialised must be from one of the Priority Technology Clusters identified by MOSTI.
- The R&D must have been completed successfully and a commercial-ready prototype is available.

### **Quantum / Margin of Financing**

CRDF 3 provides funding in the form of partial grants with a maximum of RM4 million or 50% of the eligible expenses (whichever is lower).

### **Project duration**

4 years (2 years implementation and 2 years payback period)

## **TECHNOLOGY ACQUISITION FUND**

Malaysian Technology Development Corporation (MTDC)  
<http://www.mtdc.com.my>

### **Objective**

To facilitate eligible Malaysian companies in the acquisition of foreign technologies for immediate incorporation into the company's manufacturing activity. TAF's partial grant enables companies to avoid expensive and often risky technology development stages. The acquisition of technology could be in the form of acquiring know-how / Intellectual Property (IP) exploitation / rights / blueprints via one of the following methods:

- Licensing of technology
- Outright purchase of technology

### **Eligibility**

- Company incorporated under the Companies Act 1965.
- The company must be at least 51% Malaysian-owned.
- The company is an SME as defined by the National SME Development Council.
- The proposed technology to be commercialised must be from one of the Priority Technology Clusters identified by MOSTI.
- The technology to be acquired must be a registered IP (Patent / Copyright / Industrial Design) with proven and significant sales volume in the country of origin.
- The technology provider must not hold any equity in the applicant's company.

### **Quantum / Margin of Financing**

TAF provides funding in the form of partial grants with a maximum of RM4 million for:

- Licensing of technology: RM2.8 million or 70% of the eligible expenses (whichever is lower)
- Purchase of equipment from technology provider: RM1.2 million or 50% of the eligible expenses (whichever is lower)

### **Project duration**

4 years (2 years implementation and 2 years payback monitoring)

# PRE COMMERCIALISATION FUND

Ministry of Science, Technology and Innovation (MOSTI)

<http://www.mosti.gov.my>

## 1. TechnoFund

### Objectives

- To undertake the development of new or cutting edge technologies or further develop / value add existing technologies / products in specific areas for the creation of new businesses and generation of economic wealth for Malaysia.
- To undertake market driven R&D towards commercialisation of R&D outputs.
- To encourage institutions, local companies and inventors to capitalise their intellectual work through intellectual property (IP) registration.
- To stimulate the growth and increase capability and capacity of Malaysian technology-based enterprises, Malaysian Government Research Institutes (GRI) and Institutions of Higher Learning (IHL) through both local and international collaborations.

### Eligibility

- Eligible applicants can be researchers and other individuals from:
  - Small and medium enterprises
  - Institutions of Higher Learning
  - Research institutes
  - Science, Technology and Innovation (STI) Agencies
- Priority will be given to applications with projects:
  - that have been supported by the Science Fund and have the potential to be commercialised
  - from companies that have obtained the InnoCERT recognition.
- SMEs as defined by the National SME Development Council.
- All categories of companies must have a minimum of 51% equity held by Malaysians.
- Company must be in operation for at least 2 years from date of application.
- Company shall provide audited financial report as proof.
- All IHL / RI / STI Agencies should be registered in Malaysia.
- Government reserves the right to request the involvement of appropriate MOSTI agencies as collaborators. A Memorandum of Agreement between the collaborating agencies must accompany the application, clearly stating the respective scope of work, IP

agreement and ownership and ownership of all equipment purchased during the tenure of the project. The agreement must be stamped by entity.

- Applicant must have minimum paid up capital in cash of RM10,000.
- None of the company directors or project team members have been convicted of any fraudulent activities or the company been declared bankrupt, under liquidation or placed under receivership.
- The proposed project must contain elements of technological innovation leading to commercialisation of innovative products, processes and services.
- The proposed project should be in the pre-commercialisation stage with established working Proof of Concept (POC).
- The project leader and team members must be competent to undertake the proposed project. The resume and supporting documents of the project leader and each project team member must also be submitted.
- The following are not eligible for funding under the Pre Commercialisation Fund (TechnoFund).
  - Projects already undertaken, responsibility or portfolio of certain Ministry, Department or Agency other than MOSTI
  - Applications from Research Institutes with internal research funding such as CESS Fund
- The proposed project must be implemented in Malaysia.

### **Coverage**

The scheme provides funding for technology development, up to pre-commercialisation stage, with the commercial potential to create new businesses and generate economic wealth for the nation.

### **Quantum of Financing**

Maximum: RM3 million

### **Project Duration**

Maximum: 2 years

## 2. Science Fund

### Objectives

- To support research that can lead to the innovation of products or processes for further development and commercialisation.
- To generate new scientific knowledge and strengthen national research capacity and capability.

### Eligibility

- This fund is open to all research scientists and engineers who are employed on a permanent or contractual basis from the following organisations:
  - Government Research Institutions (GRIs)
  - Government Science, Technology and Innovation (STI) Agencies
  - Public and Private Institutions of Higher Learning (IHL) with accredited research programmes
- Expatriates working under contract with any of the above institutions are eligible to apply. However, the project must have a permanent Malaysian co-researcher from the same institution, well-versed with the project, to ensure its completion in the event the expatriate's contract is terminated.
- The service of a contract researcher must be valid during the period of research proposed and contractual documents must be furnished as proof of employment for the period.
- The following organisations are not eligible for Science Fund:
  - Private Research Institutions (PRIs) in the private sector
  - Other department / agencies that carry out research under their purview
  - Research Institutions (RIs) with internal research funding such as Cess Fund
- Project proposals substantially similar to proposals submitted to any other government funding agencies.
- Researchers can lead only 1 project at any time. Researchers have to submit the End of Project Report (EPR), before submitting a new application.

### Quantum of Funding

Maximum: RM500,000

### Project Duration

The project duration is up to 30 months

### 3. InnoFund

#### A. Enterprise InnoFund (Eif)

##### Objective

To increase the participation of micro-businesses, individuals in innovative activities and encourage technological innovation of new or existing products, process or services for commercialisation.

##### Eligibility

- This fund is open to individual, sole proprietor, micro companies and small companies.
- The criteria for EIF are as follows:
  - All categories of companies must have a minimum of 51% equity held by Malaysians.
  - Applicant or collaborator under the small and medium company category must have minimum paid up capital in cash of RM10,000. However, start-up companies are exempted from this stipulation but must provide justification and supporting documents on the ability to sustain itself.
  - None of the company directors or project team members must have been convicted of any fraudulent activities or the company been declared bankrupt, under liquidation or placed under receivership.
  - The project proposal must contain elements of technological innovation leading to commercialisation of innovative products, processes and services.
  - The project must be for the development of new or existing products, processes or services with the potential for commercialisation. Projects or products which are in the research stage or are ready for production or commercialisation are not eligible.
  - The project team must provide evidence of technical competency to undertake the proposed project. The curriculum vitae and supporting documents of the Project Leader and each project team member must also be submitted.
  - Application from an individual must be accompanied by a supporting letter from a referee.
- Priority will be given to applications with projects:
  - that have been supported by the Science Fund and have the potential to be commercialised
  - Companies that have obtained the InnoCERT recognition

## **Quantum of Funding**

- Individual / Sole proprietor: Up to RM50,000
- Micro / Small Companies: Up to RM500,000

## **Project Duration**

The project duration is up to 12 months.

## **B. Community Innofund (Cif)**

### **Objective**

To assist community groups in translating knowledge and ideas into products, processes or services that improve the socio-economic standing and quality of life of the community.

### **Eligibility**

- This fund is open to Registered Associations / NGOs, Registered Cooperatives and Community Group
- The criteria for CIF are as follows:
  - Applicant must be a registered / Government recognised Malaysian Community Group
  - The proposal must contain innovative elements leading to the development of products, services or processes that improve societal well-being
  - Applicant must show proof of financial capability that they can fund the portion of project costs not funded under CIF
  - Projects must be undertaken in Malaysia

## **Quantum of Funding**

Up to RM500,000

## **Project Duration**

Up to 18 months

## **DANA BANTUAN PEMBANGUNAN FRANCAIS**

Perbadanan Nasional Berhad (PNS)

<http://www.pns.com.my>

### **Objective**

An incentive to encourage local entrepreneurs to convert their conventional business to franchise business.
